Work Experience

Student Sysadmin – Oregon State University IT Infrastructure Group

- January 2014 to present
- Built a website to replace the web interface for list administration in GNU Mailman. The website provides additional functionality for list administration not present in Mailman such as automated deletion of expired mailing lists.

Teaching Assistant – Oregon State University: College of Electrical Engineering and Computer Science

- September 2013 to January 2014
- Taught Python and C++ in a Linux environment for two introductory computer science courses.

Technical Skills

- Python (Django, NumPy, SciPy)
- Linux (Ubuntu, CentOS, Redhat)
- C/C++ (POSIX API, DirectX, OpenGL, Windows API)
- Bash
- Web Languages: HTML/CSS/Javascript (jQuery)
- Git/Github
- Apache
